ABOUT US

Your garden or outdoor space is an extension of your entire home. A place where you can relax after a long day, entertain friends and family or socialise with loved ones. At Easi-Landscapes, we've spent a decade in the UAE, crafting bespoke outdoor living spaces that achieve exactly what our clients desire.

A British owned and managed landscaping company in the UAE with more than 30 years' experience in the industry. Having spent a decade transforming gardens in the UAE, we provide our customers with industry leading design and installation services to create a bespoke garden space specifically designed around your family and their needs.

Thanks to the years of experience that our excellent landscapers possess, we've worked on a myriad of projects including Caesars Palace, luxury property developer, Emaar, hotel's such as Sofitel and the Ritz-Carlton, as well as completing over 1,500 residential projects in Dubai and the surrounding areas. We place customer care at the heart of everything we do, and have made it our mission to bring the high-level of customer service that Britain is famous for to the UAE.

Artificial Grass

ARTIFICIAL GRASS BY EASIGRASS

Working side by side with Easigrass who are the UAE's leading artificial grass providers. Using reliable, high-quality and resilient products that are designed specifically for the Middle East. We're experienced in providing artificial grass installation at both residential and commercial properties, enhancing their aesthetic appeal and providing a practical and safe place to enjoy.

Free from harmful chemicals such as lead, all of Easigrass' products are designed to meet the Health & Safety regulations of the EU. Providing a 10 year warranty for all of our products, you can relax in the peace of mind that your garden will be taken care of. WhatsApp Easi-Landscapes today to find out more.

EASI-WALL

The natural looking artificial green walls that the team here at Easi-Landscapes provides offer a quality appearance and unrivalled elegance at every property they're installed.

Crafted to the highest possible level, our Easi-Walls are made from top-quality materials to create an extremely realistic flower feature. Due to the extreme temperatures that much of the UAE experiences, growing certain plants and flowers can be difficult. With an Easi-Wall, you don't have to worry about constant maintenance of the faux flowers, and instead can focus on enjoying the stylish aesthetic they always bring to your property.

An artificial flower wall can be installed on a balcony, an exterior wall or a trellis, and our team will be able to tailor the process specifically to your property. Taking the time to understand you and your unique requirements, we'll provide a service that leaves you with a product that is truly bespoke.

OUTDOOR LIVING

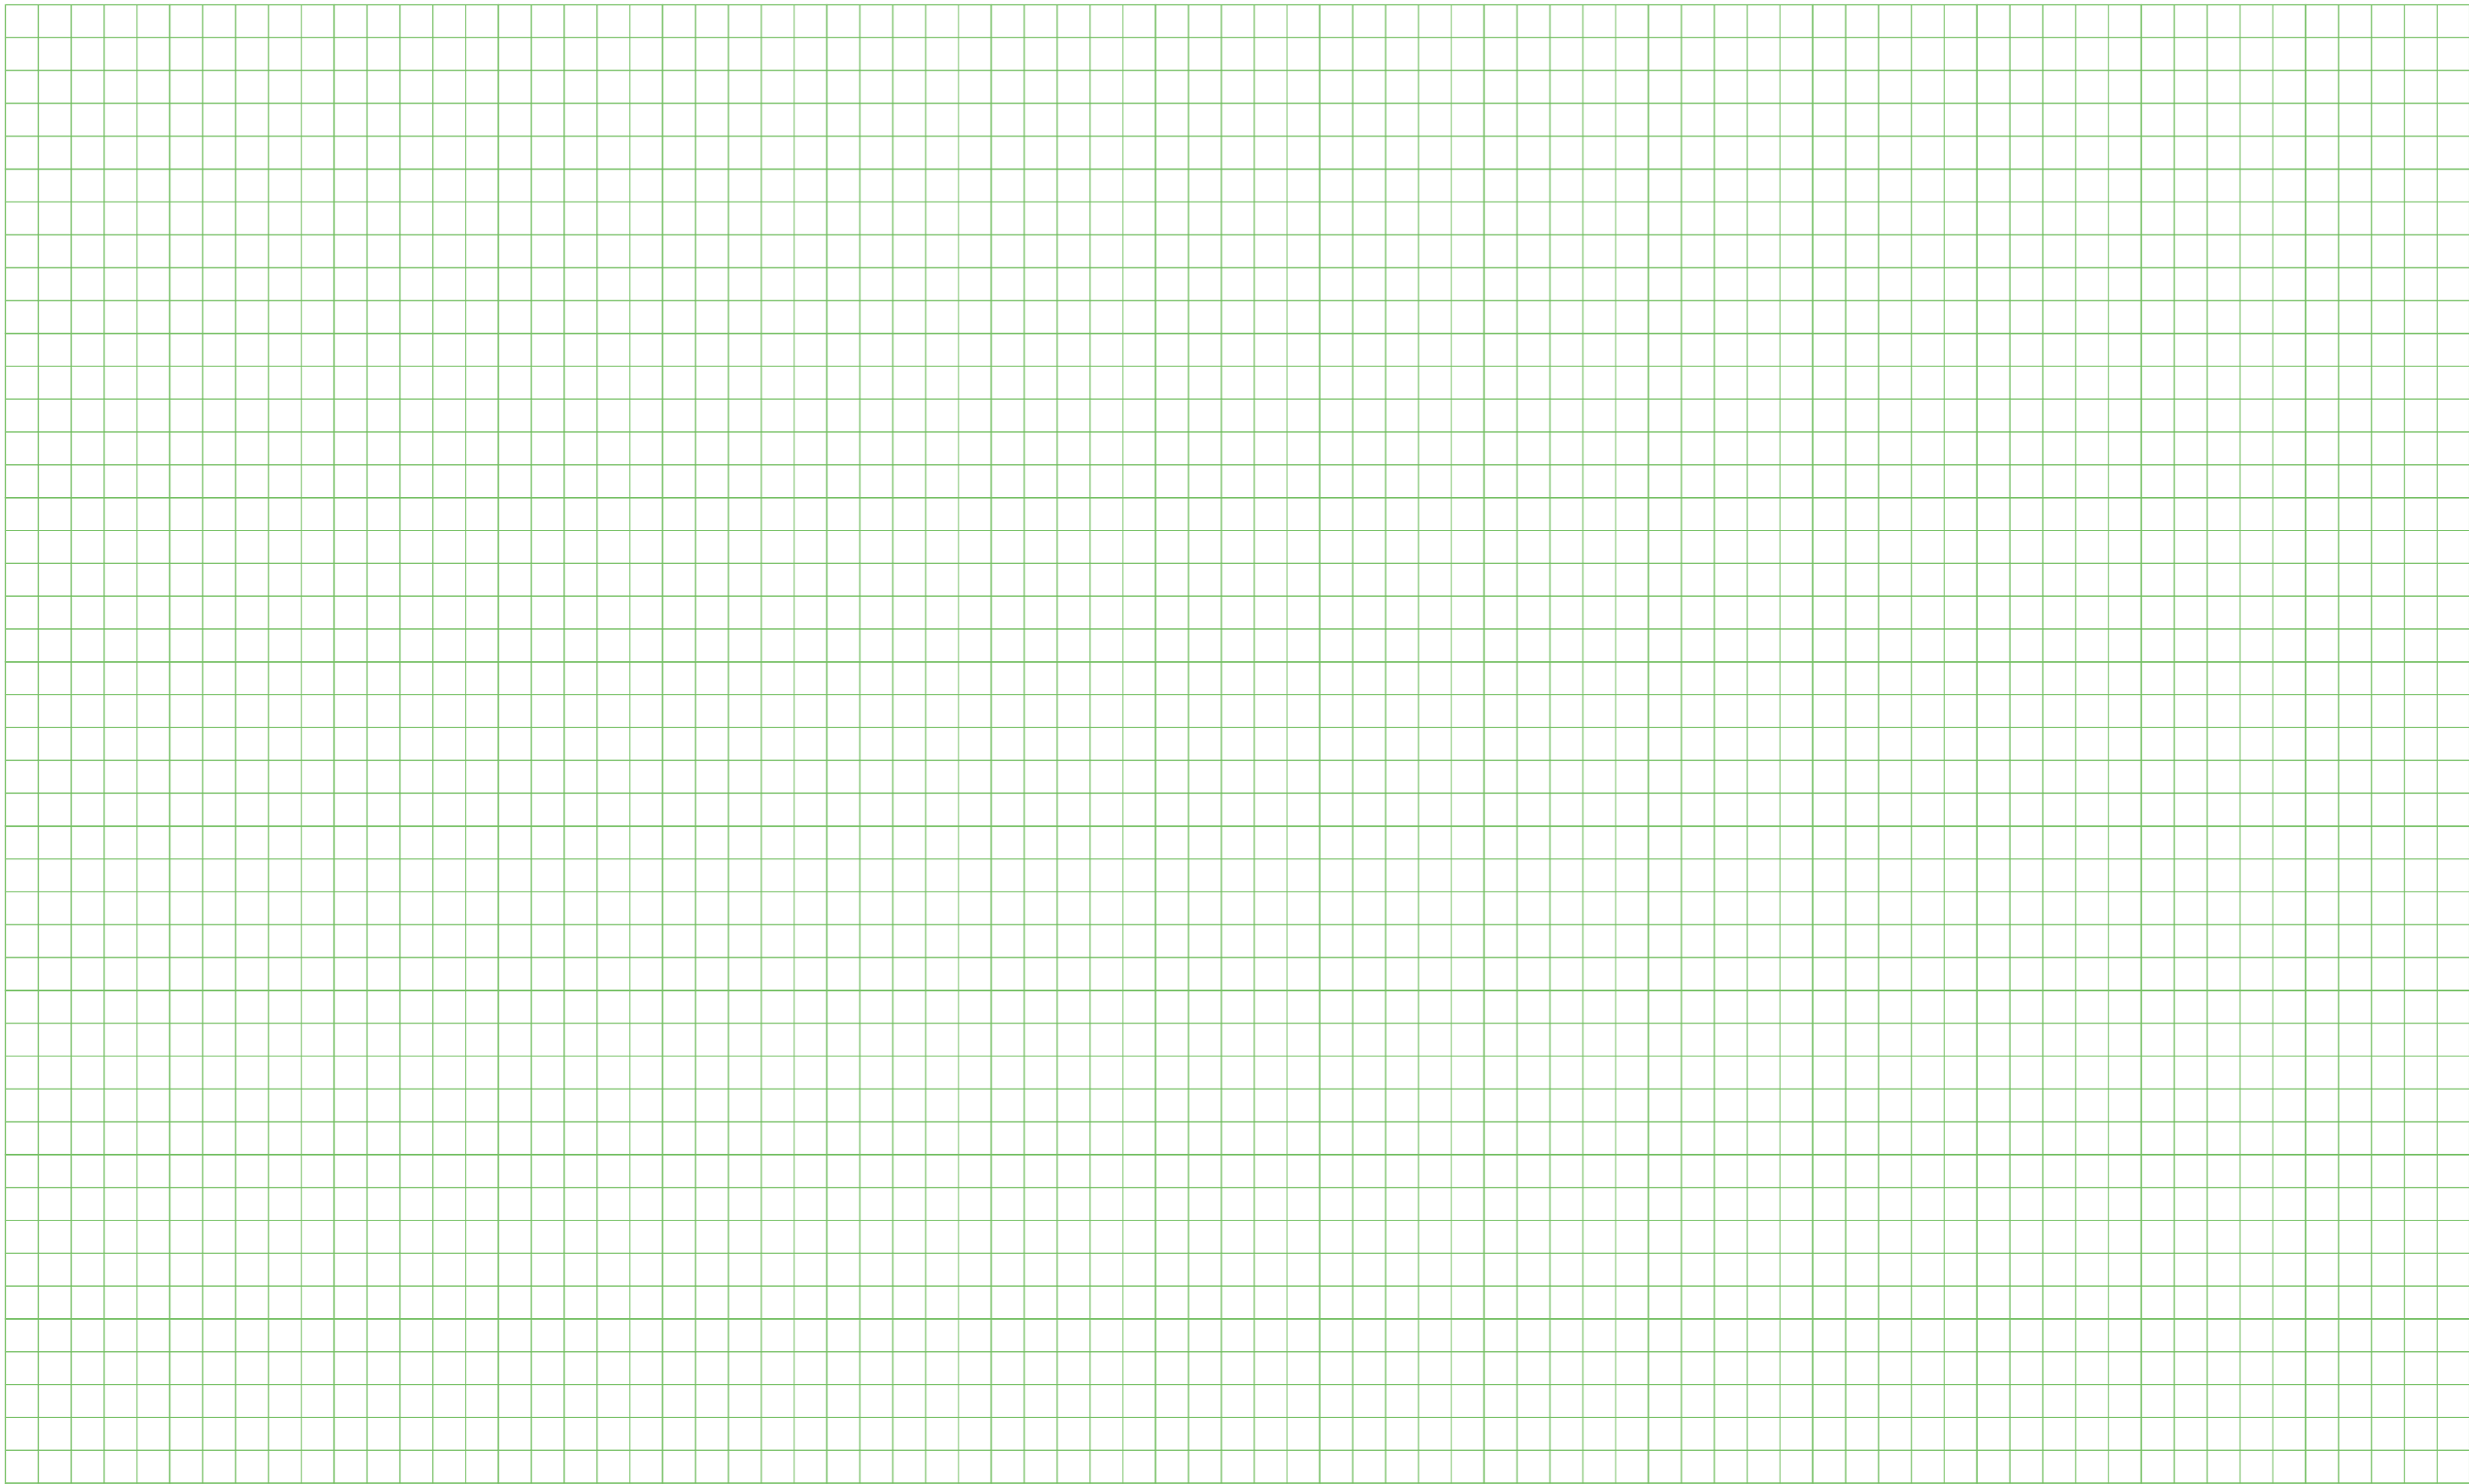

Your outdoor space is so much more than just an extension of your property. It's a place to make memories, spend time with friends and family or simply relax after a long day at work.

With this in mind, it's important to have an outdoor living space that supports your lifestyle. Whether you're someone who loves to host social events in the evenings or you prefer a subtle space that is just for you and your loved ones, Easi-Landscapes is skilled in crafting truly bespoke spaces that are designed to enhance your outdoor living experience.

While aesthetics are clearly extremely important when it comes to developing a personalised outdoor living space, we'll also ensure that it's practical and functional, working for you in a way that seamlessly blends with your lifestyle. There is a wide range of outdoor living products that Easi-Landscapes can provide you with to enhance your space.
